

Clean Energy Systems (CES)

By: Brett Hodge

Aerospace Engineering

Cal Poly- San Luis Obispo

Background

CES Incorporated in 1993

Aerojet Founders

Steam Turbine Technology

~50 Employees

<http://www.cleanenergysystems.com/company.php>

My Experience

Spectrum of CES

Thermodynamics

Aerodynamics

Mechanical Engineering

Materials Science

Business

Economics

Management

Construction Management

Breaking Thermocouples

Not Static Forces

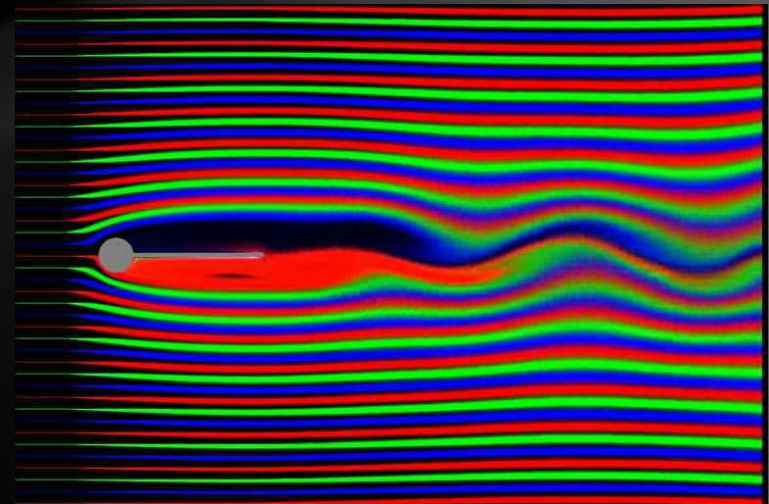

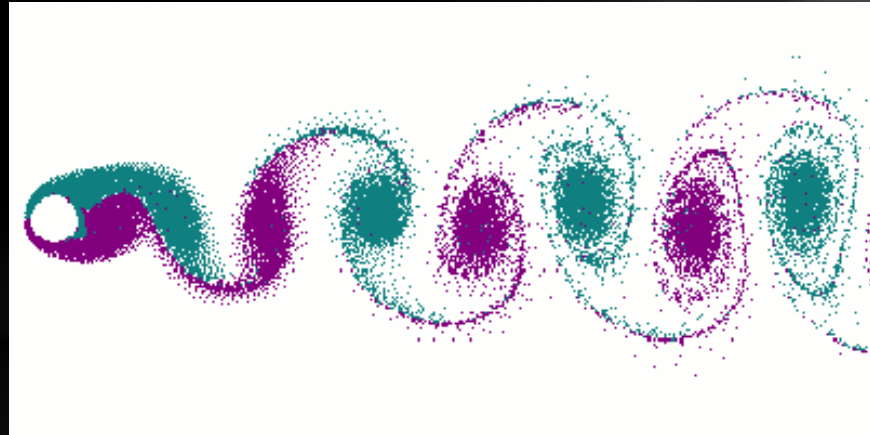

Critical Frequency

Reynold's Number Analysis

Slip Method

Material Method

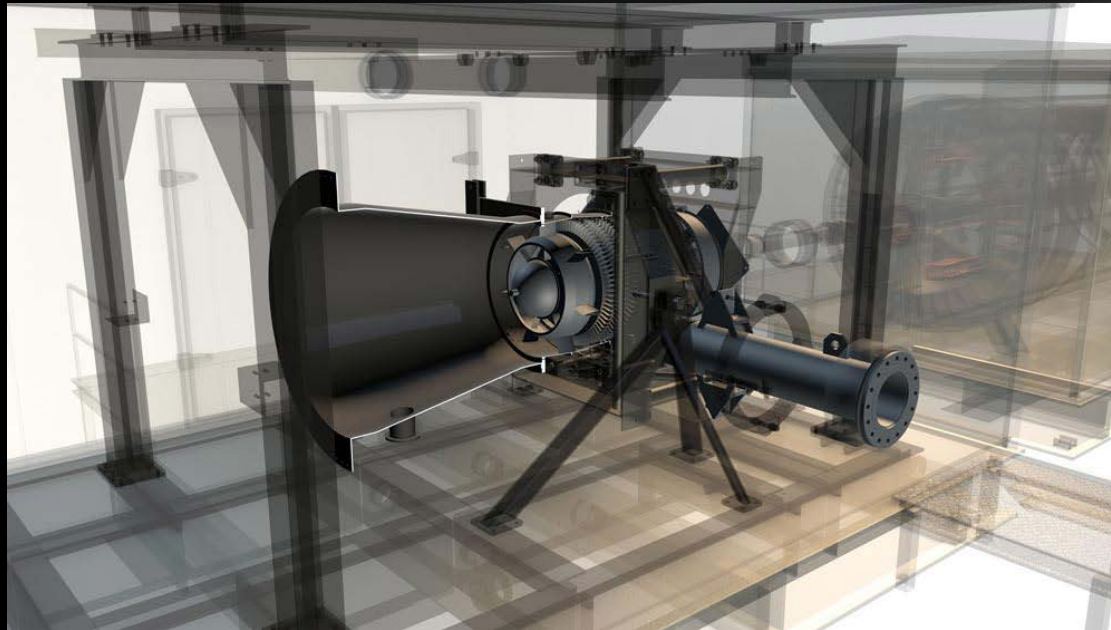

End Result: Inconel

OFT-J79 Report

Managing Editor

Data Analysis

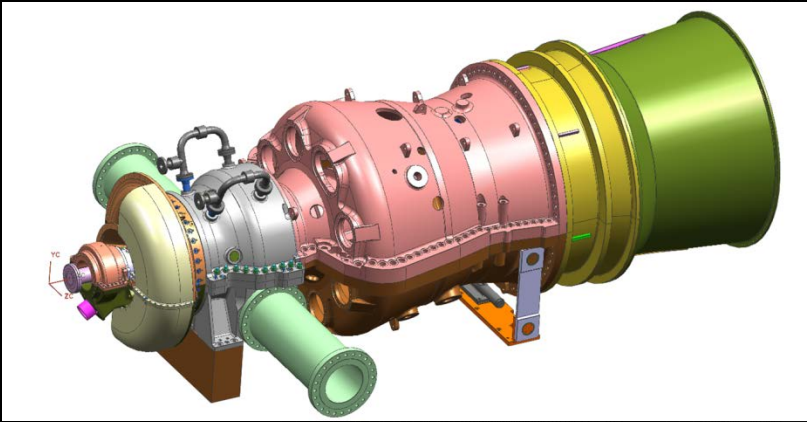

Oxygen Explosion

2nd Pump Failure

Evacuation

OFT-900

- Managed Construction

- Inventory
